

MathSpeak 2014

'Teaching Maths –
Solving Problems'

Conference and Exhibition

5 November 2014

America Square Conference Centre, London

www.mathspeak.co.uk

AQA**STAND 8**

Devas Street Manchester M15 6EX
 Telephone: 0161 957 3852
 Email: maths@aqa.org.uk
www.aqa.org.uk

We are an independent education charity and the largest provider of academic qualifications taught in schools and colleges. We set and mark the papers for around half of all GCSEs and A-levels and our qualifications are taught in around 30 countries around the world.

Our purpose is to advance education by enabling students and teachers to realise their potential and any money we make through providing qualifications gets invested back into education.

Cambridge University Press/UK Schools STAND 7

Printing House Building, Shaftesbury Avenue,
 Cambridge CB2 8BS
 Telephone: 01223 325 588
 Email: ukschools@cambridge.org
www.cambridge.org/ukschools

Cambridge University Press is driven by a simple goal: to create resources for teachers and students and to ignite a curiosity and love for learning.

As England enters a new educational chapter, we are publishing a comprehensive suite of print and digital mathematics resources written for the new 2015 OCR, AQA and Edexcel GCSE Mathematics specifications.

Using the best authors and inspirational contributors, our aim is to innovate, inspire and raise mathematics education to a new standard.

Hodder Education**STAND 4**

338 Euston Road, London, NW1 3BH
 Telephone: 0207 8736 000
 Email: Abigail.lambert@hoddereducation.co.uk
www.hoddereducation.co.uk
 Contact: Abigail Lambert

Hodder Education is a leading educational publisher, providing resources supporting the curriculum in almost every subject area and at every level, including teacher training and online assessment. Dynamic Learning is our award-winning online teaching and learning service, making lesson planning and delivery easier.

Our textbooks, etextbooks and digital services are used in 140 countries worldwide. Our innovative maths resources include the new KS3 Mastering Maths series which provides clear explanations and questions that develop fluency.

Mangahigh**STAND 6**

4th Floor, 1 Euston Square, 40 Melton Street, London, NW1 2FD
 Telephone: 0207 307 8670
 Email: chris.green@mangahigh.com
www.mangahigh.com
 Contact: Chris Green

Mangahigh provides schools with a rich online maths experience delivered through the medium of competitive games. Our resources include all topics from age 5 to 16 and are aligned to the National Curriculum. When teachers successfully blend digital resources like Mangahigh into their teaching programme, fantastic results can be achieved.

Teacher feedback regularly identifies increases in engagement, work rate, behaviour and results. For a free trial go to www.mangahigh.com or contact info@mangahigh.com

Maplesoft Europe Ltd**STAND 1**

Broers Building, 21 JJ Thompson Avenue,
 Cambridge CB3 0GT
 Telephone: 020 3514 1386
 Email: uk-sales@maplesoft.com
www.maplesoft.com
 Contact: Michael Pisapia

Maplesoft combines the world's most advanced symbolic computation engine with powerful numeric algorithms, advanced visualisation tools, and intuitive interfaces, creating products essential for classroom and research.

Products include; Maple, the technical computing and documentation environment; MapleSim, the high-performance, multi-domain modelling and simulation tool; and Maple T.A.™, an online testing and assessment system designed especially for courses involving mathematics. It allows instructors to truly assess student understanding of math-based concepts, making it ideal for STEM courses.

Mathspace UK Ltd**STAND 14**

The Old Monastery, Windhill, Bishop's Stortford, Herts CM23 2ND
 Telephone: 01279 219180
 Email: info@mathspace.co.uk
www.mathspace.co.uk
 Contact: Tim Stirrup

Mathspace's BETT award winning online software provides step by step feedback to students, recording their working out and enabling teachers to see all of this, exactly when and where they want. The Mathspace tablet app uses handwriting recognition software to make the input even easier. Parental reporting, adaptive technology and mastery progress reports round off the package.

OCR**STAND 2**

1 Hills Road, Cambridge, CB1 2EU
 Telephone: 0300 456 3142
 Email: maths@ocr.org.uk
 Contact: Customer Services

OCR is a leading UK awarding body, committed to providing qualifications that engage learners of all ages at school, college, work or through part-time learning to achieve their full potential. We work with a range of education providers including schools, colleges, workplaces and other institutions in the public and private sector. Over 13,000 centres choose our qualifications.

Visit our stand and meet our Maths subject specialists for the latest information on all our Maths qualifications.
